## ASSIGNMENT OF INVENTION

WHEREAS, MPR Health Systems, Inc., a company incorporated under the laws of the State of California, having a principal place of business at 14841 Yorba Street, Suite 101, Tustin, California, 92780, U.S.A. (hereinafter "ASSIGNOR"), has certain rights, title and interest to the invention relating to:

**SYSTEM AND METHOD FOR DETERMINING MUSCLE DYSFUNCTION** as described and claimed in the United States Patent issued on August 28, 2001 under US Patent No. ~~6,260,395~~ **6,280,395**;

and WHEREAS, Business Advantage No. 1, Inc., having a principal place of business at 73 Richmond Street West, Suite 312, Toronto, Ontario, M5H 4E8, Canada (hereinafter "ASSIGNEE"), is desirous of obtaining certain rights, title and interest in, to and under said invention and application.

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) to it in hand paid, and other good and valuable consideration, the receipt of which is hereby acknowledged, ASSIGNOR does hereby sell, assign, transfer and set over, unto the said ASSIGNEE, its successors, legal representatives and assigns, all of its entire right, title, interest throughout the world in, to and under said invention; all improvements, modifications and additions to said invention and to all corresponding rights, title and interest in and to any patent which may be granted thereon; said application and all divisions, renewals, continuations, continuation-in-part, national phase applications thereto, and all corresponding patents which may be granted thereon and all reissues and extensions thereof; all corresponding foreign patent applications and patents relating to said invention and improvements, modifications and additions thereto, and to any divisions, continuations, continuation-in-part applications, reissues and renewals of the aforementioned patents; and all applications for industrial property protection, including, without limitation, all applications for patents, utility models, and designs which may hereafter be filed for said invention in any country throughout the world together with the right to file such applications and the right to claim for the same priority rights derived from said application under any international agreements, conventions, treaties and the domestic laws of the country in which any such application is filed, as may be applicable; and all forms of industrial property protection, including, without limitation, patents, utility models, inventors' certificates and designs which may be granted for said invention in any country throughout the world and all extensions, renewals and reissues thereof; all rights and privileges pertaining to any patent applications and Letters Patents relating to said invention and application throughout the world, including, without limitation, all causes of action, claims, demands and other rights, for or arising from any past infringement thereof, as well as the fruits of any of the above, including, without limitation, royalties, damages, punitive damages, loss of profits or the like;

AND ASSIGNOR HEREBY agrees, without charge (excluding travel, accommodations and the like), and at the request of the ASSIGNEE, its successors and assigns, to execute any and all divisional, continuation, continuation-in-part applications, reissue and substitute applications in any corresponding foreign jurisdiction for said invention and improvements, modifications and additions to said invention, and acknowledge and agree that all rights therein shall vest in the ASSIGNEES, its successors, and assignees, whereby said foreign Letters Patent will be held and enjoyed by said ASSIGNEES, its successors and assigns, to the full extent of the term for which said Letters Patent will be granted, as fully and entirely as the same would have been held and enjoyed by the undersigned if the this assignment had not been made;

AND ASSIGNOR HEREBY agrees, without charge (excluding travel, accommodations and the like), and at the request of the ASSIGNEE, its successors and assigns, to execute any and all documents

required by the ASSIGNOR to fully and properly vest the aforesaid rights in the ASSIGNEE; to do all things which the ASSIGNEE, its successors and assigns, shall consider necessary or desirable for securing, maintaining and enforcing the rights and property specified herein above, including testifying in all legal proceedings; to communicate all facts known by ASSIGNOR relating to the inventions and the history thereof;

AND ASSIGNOR HEREBY authorizes and requests the Commissioner of Patents or the like Official of any country, whose duty it is to issue patents or other evidence of forms of industrial property protection on applications as aforesaid, to issue the same in and to the said ASSIGNEE, its successors, legal representatives and assigns, in accordance with the terms of this instrument;

AND ASSIGNOR HEREBY covenants and agrees that it has full right to convey all of its interest herein assigned, and that it has not executed, and will not execute, any agreement in conflict herewith; has not copied or used information that may be subject to a trade-secret owned or under the control of a third party; the present assignment is complementary to any previous assignment, if any, in favour of the ASSIGNEE;

AND in the event of disagreement between the ASSIGNOR and ASSIGNEE, this Assignment of Invention shall be interpreted in accordance with the Laws in effect in the Province of Ontario.

The undersigned hereby grants to the firm of MBM & CO. whose full post office address is P.O. Box 809, Station B, Ottawa, Ontario, Canada, K1P 5P9, the power to insert on this assignment any further information which may be necessary or desirable in order to comply with any patent rules or regulations for recordation of this document.
